

Now that the dust has settled from Sandown after the infamous lap one, corner six crash, Plus Fitness are once again standing tall as we look forward to taking on the biggest challenge Supercars has to offer... Mount Panorama!

With a fresh coat of paint and a number of new panels, the Plus Fitness V8 Supercar is ready to race again as we challenge the field of seasoned Bathurst drivers in the Supercars race of the year.

Drivers Aaren Russell and Taz Douglas can't wait for this weekend's race around the mountain and are both focused on getting behind the wheel and giving 110% across what is set to be an action packed weekend of racing.

We are also extremely excited to see the Plus Fitness V8 Supercar appear at Bathurst once again and especially as we capitalise on the brand exposure that Supercars has provided us at this event in previous years. With an average TV audience of 3.1 million plus over 200,000 people attending the event, the reach and brand awareness during the Bathurst 1000 will provide fantastic exposure for our brand.

Make sure you catch all the action on Foxtel and Channel 10 this weekend and don't forget to follow our Plus Fitness Racing Facebook page to keep up to date with all the action!
